

# **Inviting applications for Specially Appointed Assistant Professor (Tokunin Jokyo) in International Affair Section (additional post: Laboratory of Veterinary Hygiene) and, Faculty of Veterinary Medicine, Hokkaido University**

We invite applications for the position of Specially Appointed Assistant Professor (Tokunin Jokyo) in International Affair Section (World-leading Innovative and Smart Education (WISE) program “One Health Frontier Graduate School of Excellence”) (additional post: Laboratory of Veterinary Hygiene), Faculty of Veterinary Medicine, Hokkaido University. We seek accomplished individuals who can promote and enhance WISE program at Faculty of Veterinary Medicine, Hokkaido University.

## 1. Job title

Specially Appointed Assistant Professor

This time we invite applications for a Specially Appointed Assistant Professor position contributing to both management/support (in International Affair Section) and research on infectious diseases (in Laboratory of Veterinary Hygiene) in the World-leading Innovative and Smart Education (WISE) program “One Health Frontier Graduate School of Excellence”.

## 2. Condition for employment

One-year renewable contract up to the end of March 2025. Salary will be paid based on the annual salary system.

## 3. Job description

- 1) Managing/supporting the WISE program (Effort: 50%)
- 2) Promoting research on infectious diseases or zoonosis of the WISE program
- 3) Education, research, and other activities related at Graduate School of Veterinary Medicine and School of Veterinary Medicine [Cooperative Veterinary Education Program between Hokkaido University and Obihiro University]

Graduate courses: Research on Veterinary Science (shared),  
Advanced Seminar on Veterinary Science (shared)  
and others

Undergraduate courses: Tutorial Research (shared), Advanced seminar  
(shared) and others

## 4. Qualification

- 1) Applicant should be capable of managing/supporting the WISE program.
- 2) Applicant should be highly motivated in research on infectious diseases (analysis of pathogens and hosts), or research on zoonosis (pathobiology of animal diseases and/or analyses of animal physiology). It is desirable that the applicants have experience on genome analysis or transcriptome analysis.
- 3) Applicant should be capable of educating in the graduate and undergraduate course students, and has strong will and extensive knowledge to contribute to further improvement of veterinary medicine.

- 4) Applicant should hold the Ph.D. degree.

#### 5. Application Documents

- 1) Standard Curriculum Vitae with an attached photo taken within the last 3 months. [Applicant who has been employed by Hokkaido University from April 1, 2013 (any position, including Part-time Lecture, TA, TF, RA and Short-term Support Assistant, etc.) should provide full details of your employment history.]
- 2) List of publications including original articles, reviews, books and others (Corresponding authors should be indicated with asterisks), and a reprint or photocopy of 3 major publications
- 3) Statement of research activities to the present (up to 2 pages in English)
- 4) A concise summary of the candidate's perspective on WISE program (including research on infectious diseases and program administration) (up to 2 pages in English)
- 5) List of research and education grants for the last 5 years

\*Applicant would be asked to have presentation in lecture during the screening process  
(Traveling expenses will not be provided)

#### 6. Deadline for application

All the necessary documents should be received by Sept 30th, 2019.

#### 7. Scheduled starting date of employment

Dec 1st, 2019
