2nd Lecture Room

## 2nd Session

【Date】 2019.Sep.6, Fri. 17:00~18:30  
【Venue】 University Conference Hall,  
2nd Meeting Room

OPEN TO All PhD STUDENTS FROM HOKKAIDO UNIV, OBIHIRO UNIV, AND  
RAKUNO GAKUEN UNIV.

Hokkaido University offers “One Health Ally Course” under the concept of One Health of human, animals, and environment. The course is open to PhD Students from all faculties of selected universities. This course explores how to find and see problems occurring in the field of One Health and how to solve them. The course will help future-expertise engage in such global issues!

The Ally Course includes training where participants can experience working with researchers and experts from a wide variety of fields. Institutions such as WHO, JICA and other international organisations will be our collaboration partners.

If you are interested in finding a path to global career, establishing network with people from different fields, and obtaining new skills and knowledge, Come and learn about the course!
